

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

# KOLYNOS

## DENTAL CREAM

Children with clean, healthy mouths suffer less from children's diseases, average better in their classes, and are more regular in school attendance. Repeated medical examinations have shown that mouth conditions are directly related to health and mental development.

The emulsifying and detergent properties of the neutral soap and bland chalk in Kolynos Dental Cream make it an ideal cleanser. Kolynos on the dry brush slowly mixes with the saliva and is one of the best agents for removing food debris and filth because the Kolynos foam fills the mouth and reaches remote, inaccessible regions.

Kolynos Dental Cream used morning and night destroys and washes away countless organisms in the mouth. It cleanses the teeth and it maintains a wholesome, hygienic condition in the oral cavity.

buttons. This style in  
any of our materials  
at prices quoted.

## THE "ANTI-COLIC" BRAND THREE HOLE NIPPLE

Two million babies  
use *this* nipple

It has *three* small feed holes like the mother's  
breast—instead of *one*, like ordinary nipples.  
Three feed-holes give perfect, even flow, and  
keep baby's mouth shapely and pretty.

One-hole nipples cause spitting; they choke, and baby's  
lips grow into puckerings, unnatural lines,

*This* nipple is made of  
pure gum, and will not  
collapse.

THE  
"ANTI-COLIC"  
BRAND

"Three Hole Nipples"

are used in maternity and infant  
hospitals *everywhere*. Cut shows  
regular size (No. 147). Petite  
size (No. 247) is a tri-  
fle smaller. *Insist* on  
getting the "Anti-  
Colic" Brand  
from your Druggist.  
Or for 14 cents in  
stamps we will send you  
two by mail.

## *How do you judge a Uniform?*

We believe that a good uniform must be fashioned of sturdy, attractive fabric, cut with style, gracefully hung, tailored with precision in every detail. It must represent—from the first clip of the scissors to the last stitch—conscientious, painstaking workmanship.

These are our standards, and with them in mind we say that Queen-Make Uniforms are good uniforms. The nurse who cares sincerely about looking her best will be glad to wear them. She will find them becomingly youthful, of irreproachable fit, and long-wearing. She will appreciate their practical features—best quality materials, strongly reinforced seams, and basted hem for quick adjustment to the proper length.

Our booklet illustrates a complete line of attractive models. Drop us a card, and we will send it gladly and promptly.

**No. 779 (Illustrated)**  
—This smart, straight-line model has unusually graceful lines. It is becomingly yoked and pleated. Collar is adjustable — high or low. Cuffs easy to roll up; pockets capacious. Made of best quality Linene. Sizes 34 to 46, at \$3.95; extra sizes 48 to 52, at \$4.95.

*Other models, belted and straight-line, in a wide range of prices. If your dealer cannot supply you, write direct to us enclosing money order. We will be glad to serve you.*

# Book Department

This department serves as a distributing bureau of nursing and medical books. If the book you want is not listed, we can get it for you. Be careful to send the correct title and the author's name. Prices are the same as those charged by the publishers, but the trouble of writing the different firms is avoided. Payment should accompany the order, remittances being payable to The American Journal of Nursing.

**Sykes  
Comfort  
POWDER**

For Children's Skin Irritations, Rashes and Inflammation. For Bed Sores and Skin Irritations of the Sick.

Nothing has ever equalled this famous powder to heal and soothe the skin. Thousands of nurses are never without it in their kit.

Send a postal card today for trial box.  
**THE COMFORT POWDER CO., BOSTON, MASS.**

## A HELPFUL FACTOR IN —TUBERCULOSIS—

“Cod-liver oil is valuable, because: Its large amount of unsaturated fatty acids permits it to be almost entirely absorbed, and thus furnishes a large amount of fat food. It promotes the absorption of other fats. It favors the deposit of calcium in the tissues.”

—Kirschner: Amer. Review Tuberculosis, July, 1922.

## THE “S. & B. PROCESS”

Clear Norwegian (Lofoten) Cod-liver Oil is guaranteed a one hundred per cent. product derived from the livers of fresh-caught, *true Gadus Morrhuae*, and affords an admirable means of administering this nutrient, rich in fat-soluble vitamin, in a form exceptionally palatable.

Liberal samples sent to nurses on request

**SCOTT & BOWNE, Bloomfield, N. J.**

*Makers of Scott's Emulsion*

## *La Mode* Nurses Uniforms

The Preference of the Profession

### **Good Nurses Wear Good Uniforms**

It is only natural that nurses of highest standing wear La Mode Uniforms. Their quality of fabric and workmanship meets the demand of the most exacting. The designs are both practical and attractive.

*La Mode Uniforms can be bought at your favorite store. Or write Dept. A for style book and nearest dealer's name.*

**HAYS AND GREEN**  
INCORPORATED  
352 FOURTH AVE NEW YORK

## For the Nurse a "Vade Mecum"

ALKALOL to the nurse renders comprehensive service. Its pleasant alkalinity and balanced salinity render it refreshing and cooling to parched mucous membrane or burning, tender skin.

It dissolves and clears away thickened mucous, encourages natural secretion, is soothing and healing. ALKALOL makes an ideal mouth wash, spray or douche, irrigating fluid or injection, wet dressing or "sponge off." ALKALOL is efficiently deodorant.

ALKALOL is particularly acceptable to depleted or exhausted secretory cells, because it "feeds" them with necessary physiological salts, thus helping to restore a normal secretion.

NURSES who know ALKALOL use it personally as well as for their patients.

*Sample and literature to nurses on request.*

**THE ALKALOL CO.,**

**Taunton, Mass.**

## WANT ADVERTISEMENTS

## TRAINING SCHOOLS

One inch space, single column, one insertion, \$3.00. Copy must be received on or before the 10th of the month to insure insertion the month following.

## THE NEW YORK NURSERY AND CHILD'S HOSPITAL

Offers affiliations to recognized training schools which desire special training for their pupils in obstetrical nursing or pediatric nursing. Each course is for three months; a very thorough training is given in each service. A combination course for six months is also offered. A diploma is given at the satisfactory completion of the course.

## POST-GRADUATE COURSES

The above courses are offered to a limited number of graduates of recognized training schools. A remuneration of \$25.00 a month is paid to those taking the post-graduate courses.

For detailed information, address Superintendent, New York Nursery and Child's Hospital, 161 West 61st Street, New York City.

## The Chicago Lying-In Hospital

offers a four months' post-graduate course in obstetric nursing to graduates of accredited training schools connected with general hospitals, giving not less than two years' training.

The course comprises practical and didactic work in the hospital and practical work in the out department connected with it. On the satisfactory completion of the service a certificate is given the nurse. Board, room and laundry are furnished and an allowance of \$10.00 per month to cover incidental expense.

Affiliations with accredited training schools are desired as follows: A four months' course to be given to pupils of accredited training schools associated with general hospitals. Only pupils who have completed their surgical training can be accepted. Pupil nurses receive board, room and laundry, and an allowance of \$5.00 per month.

Address:

**Chicago Lying - In Hospital**  
426 East 51st Street, Chicago, Ill.

**PEDIATRICS**—The Children's Hospital of Philadelphia offers a four months' Post-Graduate Course in Pediatrics to properly qualified nurses who desire special training in preventive and curative work with children. A theoretical course correlates with the practical work on the wards and is repeated for each group. For detailed information address Superintendent, The Children's Hospital of Philadelphia, 18th and Bainbridge Streets, Philadelphia, Pa.

**POST-GRADUATE TRAINING SCHOOL FOR NURSES.** The Massachusetts Charitable Eye and Ear Infirmary, 233 Charles Street, Boston, with a capacity of 219 beds, a large out-patient department, and a nurses' home beautifully situated on the Charles River, offers three courses to a limited number of graduate nurses of any general hospital training school furnishing proper credentials.

The first course, of sixty days' duration, is devoted exclusively to eye, ear, nose, and throat work; the second course, of ninety days' duration, covers the work of the first course and includes instruction in Social Service Work; the third course, of five months' duration, covers the work of the former two courses and includes instruction in executive hospital management.

Nurses completing any of the courses and passing a satisfactory examination will receive a diploma and a small monetary remuneration.

Application blanks and further particulars will be furnished on request. Address all communications to **FREDERICK A. WASHBURN, M.D.**, Superintendent.

**THE PHILADELPHIA HOSPITAL** for Contagious Diseases offers to graduates of accredited schools of nursing, eighty (80) dollars per month, board, room and laundry, with an increase of five dollars every three months until ninety (90) dollars per month is attained.

Applications for less than three months will not be considered.

For information apply to Supervising Nurse, Philadelphia Hospital for Contagious Diseases, 2nd and Luzerne Streets, Philadelphia, Pa.

**THE PHILADELPHIA HOSPITAL FOR CONTAGIOUS DISEASES** offers a Post-Graduate Course of three months to graduates of registered schools for nurses.

Students have fifty-two hours of duty weekly. The compensation allowed is \$42.00 per month, board, room and laundry.

Dates for entrance are October 1st, January 1st, and April 1st.

For information apply to the Supervising Nurse, Philadelphia Hospital for Contagious Diseases, 2nd & Luzerne Sts., Philadelphia, Pennsylvania.

**OBSTETRICAL NURSING—POST-GRADUATE.** The St. Louis Maternity Hospital offers a three months' course in Obstetrical Nursing to graduates of approved schools. Affiliation with accredited training schools may be arranged. For information, address Supt., St. Louis Maternity Hospital, Washington Blvd., St. Louis, Mo.

STATE OF ILLINOIS  
Department of Public Welfare

The Illinois State Training School of Psychiatric Nursing offers a six months' post-graduate course of lectures and practical instruction in the care of mental and nervous cases to registered nurses from accredited schools. The course includes psychiatry, with clinics, psychology, hydrotherapy, occupational therapy and amusements. The field work is performed in wards reserved for the pupils of the school, and accommodation is provided in the home set apart for the training school. A certificate is granted upon the successful completion of the course. Allowance, \$35.

For further information, apply to Superintendent of Training School of Psychiatric Nursing, Chicago State Hospital, 64th and Irving Park Boulevard, Chicago, Ill.

**THE LYING-IN HOSPITAL**, 2d Avenue and 17th Street, New York City, offers a three months' course in Obstetrical Nursing to graduates of recognized schools. This course may include service in the Visiting Nursing Department, if so desired. Full maintenance and \$10.00 per month.

Affiliations may be made by accredited schools for a very thorough three months' course in Obstetrical Nursing, including class work and lectures by the doctors. For further information, address Directress of Nurses.

**THE ELIZABETH STEEL MAGEE HOSPITAL** offers a Post-Graduate Course in Obstetrical Nursing to graduates of hospitals giving not less than a two years' course. This course comprises practical and didactic work in the hospital and practical work in the Out-patient Department. A certificate is given on completion of the course. Board, room and laundry are allowed and an allowance of \$20.00 per month is given.

Affiliations are desired as follows: Affiliations with accredited training schools for a two months' course in obstetrics with didactic and practical instruction. Students must have had surgical training previous to entering. Board, room and laundry are allowed and an allowance of \$10.00 per month is given. For further information address Superintendent of Nurses, Elizabeth Steel Magee Hospital, Pittsburgh, Pa.

**THE NEUROLOGICAL INSTITUTE**, New York, offers a six months' Post-Graduate Course for nurses, thorough instructions in the conduct of nervous diseases, including the application of water, heat, electricity, suggestion and re-education as curative measures. \$30.00 a month will be paid together with board, lodging and laundry. Application to be made, MISS G. M. DWYER, R.N., Supervisor of Nurses, 149 E. 67th Street, New York.

## Sick-room Odors

PATIENT, nurse and doctor all "do better" in clean, cheerful surroundings. A *clean-smelling* room is quite as important as white linen and plenty of sunlight.

Sick-room odors are absolutely destroyed by Amolin, the one safe and effective deodorant for all uses. Sprinkle Amolin liberally between sheets and pads and on the patient, too. Its soothing coolness is refreshing.

For the nurse herself, Amolin insures freedom from perspiration odors and absolutely destroys the odor of sanitary napkins.

# Amolin

*The Personal Deodorant Powder*

Amolin comes in two sizes—30c and 60c, at drug and department stores. Send to us for free sample and booklet of uses.

Style Book of "Correct Professional Wear" and Samples of Materials Mailed on Request.

# BOVININE

The Food Tonic

Leading physicians and surgeons since 1873 have used and recommended Bovinine as the most effective food tonic and strength restoring element of diet during and after sickness or operation.

Consequently we have accumulated authoritative data on Bovinine that every nurse will find useful and interesting.

Give your patient Bovinine.

*Samples and literature gladly mailed to nurses on request*

**THE BOVININE COMPANY, 75 West Houston Street, New York**

## "Shake hands with health every day"

That's the background idea of Sunsweet Prunes this year. Sunsweet is doing exactly what doctors and nurses, dietitians and nutrition investigators, are doing: *It is preaching a gospel of health.* It is teaching the men and women [and, through them, the children] of America the health-importance of prunes in their daily diet.

Why are prunes so essential to the well-being of your patients? Because they are rich in natural fruit sugars? Because they contain salts and organic acids that improve the quality of the blood and react favorably on the secretions? Yes—all this and more: because Sunsweet Prunes provide a *natural corrective*—a laxative from Nature's own pharmacy.

Send for our new Recipe Packet and other literature prepared for the profession. They will help you to help your patients "shake hands with health every day." California Prune & Apricot Growers Assn., 1251 Market St., San Jose, Cal.

Nutrition**

This remarkable power of Liebig Company's Extract of Beef makes it of great value both to invalids and convalescents.

A food of great nourishing value and of easy assimilability is  $\frac{1}{8}$  to  $\frac{1}{4}$  teaspoonful of Liebig Company's Extract of Beef mixed with  $\frac{1}{2}$  pint of milk, once or twice daily. The milk is thus rendered more digestible and much more nutritious.

Keep Your Buoyancy  
 and Your Elastic Step

Your vacation comfort shouldn't end when you board the train for home and routine duties. Cantilever Shoes help you to conserve the vitality and bodily grace you acquired through relaxation and out-door exercise.

The flexible arch of Cantilevers gives elasticity to the step because it flexes when you walk. Cantilevers permit the foot to exercise naturally and the blood to circulate normally, which keeps the foot healthy and youthful.

In Cantilevers, your work and your play may be done with the freedom and comfort you enjoyed on your vacation.

Cantilever Shoes are good looking. Fashionably dressed women everywhere like their neatly rounded toe and low or medium heels.

Cantilever Shoes are trade-marked to protect you from substitution. They are sold by intelligent dealers all over the United States. There is only one dealer in each town except in New York City. If none near you is listed here, write to the manufacturers, Morse & Burt Co., 3 Carlton Avenue, Brooklyn, N. Y., for the name of a nearby dealer and a free booklet on shoes.

DR. JUNIOR: "Before we go in, Doctor—you often speak of aborting pneumonia."

DR. SENIOR: "That is something which seems to you impossible—"

DR. JUNIOR: "Well, pneumonia—once it is clearly diagnosed—being a bacterial disease—"

DR. SENIOR: "Exactly. But, without the other inflammatory concomitants—impeded circulation with stasis—dead and dying (that is starved) blood cells—red and white; congestion of parts, favoring the pneumococcus with ample sustenance—; all these so-called mechanical factors, can be quickly, safely, antiseptically relieved by the prompt application of Antiphlogistine."

DR. JUNIOR: "It looks like plain, common sense, Doctor—"

DR. SENIOR: "Which all true science is. It is 'plain,' that is logical. It is 'common,' that is in the meaning that it belongs to everybody. The only trouble is that a few of us wish to keep ourselves excluded from the common lot."

DR. JUNIOR: "After all, though—my idea of a physician is the man who seeks first the relief and comfort of his patient, and who, having done his best to effect that, employs his leisure to go deeply into the mooted questions of scientific discussion."

DR. SENIOR: "In treating pneumonia do not overlook the important fact that Antiphlogistine assists the patient to exactly what he absolutely requires, Ease,—Rest,—Sleep—"

## Help Her to Save More Lives

Last year over 100,000 lives were saved with the aid of Tuberculosis Christmas Seals. Tuberculosis is being controlled. The death rate has been cut in half. If you and others join the fight, it can be stamped out.

Buy Christmas Seals. When you see someone selling them, help the fight along by buying all you can.

Your help, the help of every happy, healthy person, is needed; and it will count.

# *A Florence Nightingale Play and The American Journal of Nursing for Three Dollars*

The book sells regularly at \$1.25. The Journal is \$3.00. This delightfully interesting "Florence Nightingale" play, written by Edith Gittings Reid, took second prize in the Florence Nightingale Prize Contest. (See the Book Reviews in this Journal.) The Journal always takes first prize and holds first place in nursing literature.

Therefore, the combination of these two prize winners, especially at this time of the year, when everybody is trying to think of something to give everybody else, should solve the Christmas problem for the busy nurse. If you are already a subscriber, why not give this combination to a professional friend? If you are not a subscriber, here is an opportunity to take advantage of our special offer, which is good for December only. Fill in the attached order slip and mail it to us promptly so there will be no disappointments Christmas morning.

*We Wish You a Merry  
Merry Christmas*

Dangers of Constipation, No. 4—

## DIVERTICULITIS

ONE of the evils of prolonged constipation is *diverticulitis*—a series of small pouches which form in the colon wall. These pockets, becoming filled with food waste, quickly cause inflammation which leads to ulcers of the bowel, abscesses or adhesions.

This is a very serious condition, says a noted enterologist, and is to be remedied only by a careful, non-constipating diet and the administration of liquid petrolatum.

Experienced nurses will use Nujol for the correction of intestinal disorders. The action of Nujol closely resembles that of the natural lubricating mucus secreted in the bowel, which is deficient when constipation exists. Nujol takes its place, lubricates the bowel contents and so assists their expulsion from the body. As Nujol is not a laxative, it cannot gripe. And like pure water, it is harmless and pleasant.

Nujol is prescribed by physicians and is used in leading hospitals throughout the world.

Send for nurse's sample and special 16-page booklet, "On a Case", to Nujol Laboratories, Standard Oil Co. (New Jersey), Room 763, 44 Beaver Street, New York.

*Diseased Colon, showing series of small pockets in colon wall.*

*Normal Colon, made distinct by means of barium meal.*
